Condensed Notes to Financial Statements June 30, 2019 and 2018 (Unaudited) (Reviewed) and December 31, 2018 (Audited)

1. BASIS FOR THE PREPARATION OF INTERIM FINANCIAL INFORMATION

The accompanying interim financial information is prepared on a condensed basis and in accordance with the Thai Accounting Standard No. 34 (Revised 2018) "Interim Financial Reporting" including interpretations and guidelines promulgated by the Thai Federation of Accounting Professions ("TFAC"), applicable rules and regulations of the Securities and Exchange Commission, and applicable announcements of the Department of Business Development.

The accompanying interim financial information has been prepared to provide additional information to the financial statements for the year ended December 31, 2018 by focusing on new activities, events and circumstances and which are not repeated information previously reported. Accordingly, the accompanying interim financial information should be read in conjunction with the financial statements for the year ended December 31, 2018.

The consolidated financial statements for the three-month and six-month periods ended June 30, 2019 and 2018 and the consolidated financial statements for the year ended December 31, 2018, which are a component of this interim financial information, include the accounts of the Company and its subsidiaries which the Company has controlling power or directly and indirectly holdings on those subsidiaries as discussed in Note 6.

Significant intercompany transactions between the Company and its subsidiaries have been eliminated in the preparation of the consolidated financial statements.

Starting from January 1, 2019, the Company and its subsidiaries had adopted Thai Accounting Standards (TAS), Thai Financial Reporting Standards (TFRS), Thai Accounting Interpretation (TSIC), and Thai Financial Reporting Interpretation (TFRIC), issued and revised by TFAC, which became effective from the accounting period starting on or after January 1, 2019. The aforesaid adoption of newly issued and revised TAS and TFRS as well as TSIC and TFRIC did not have any material effect on the Company and its subsidiaries.

Management of Company and its subsidiaries has been during the assessment and consideration of the impacts from the new five TFRS (Financial Instruments) and TFRS 16 "Lease" that will become effective from 2020 whereby Company and its subsidiaries have not yet adopted in the preparation of the accompanying interim financial information and have no policy to early adopt before the effective period.

For convenience of the readers, an English translation of the interim financial information has been prepared from the Thai language statutory interim financial information that are issued for domestic financial reporting purposes.

2. SIGNIFICANT ACCOUNTING POLICIES

The Company and its subsidiaries applied significant accounting policies and methods of computation to the preparation of interim financial information for the three-month and six-month periods ended June 30, 2019 and 2018 which are similar to those applied to the preparation of financial statements for the year ended December 31, 2018 except the adoption of newly issued and revised TAS and TFRS as well as TSIC and TFRIC as discussed in Note 1 which had no any material effect.

As at June 30, 2019 and December 31, 2018, the Company discounted, under factoring, its trade receivables amounting to approximately Baht 127.9 million and Baht 136.9 million, respectively, with three local financial institutions (under credit facilities totalling Baht 275 million), whereby such financial institutions can take recourse action on the Company amounting to approximately Baht 106.6 million and Baht 113.4 million, respectively. The Company presented such amounts of obligation under the recourse action as "Factoring payables" in the statements of financial position.

5. LOAN TO OTHER PARTIES

Current portion of this account represented the unsecured loans of a subsidiary given to a local non-related company amounting to Baht 14.5 million (interest at 9% p.a.). Such loans were under promissory notes with due dates in September 2019.

Condensed Notes to Financial Statements (Continued) June 30, 2019 and 2018 (Unaudited) (Reviewed) and December 31, 2018 (Audited)

Non-current portion of this account represented loan to Inter Far East Energy Corporation Public Company Limited "IFEC" that is secured by common shares of borrower's subsidiary and is in the form of deposit for feasibility study of investment in the 1-Megawatt solar power plant project of CR Solar Co., Ltd. "CRS", located at Amphur Thern in Lampang province, whereby CRS is subsidiary of the borrower. On December 22, 2017, the Company, borrower, and CRS entered into the Memorandum of Understanding for determining the condition that such loan and related interest receivable will be able to use as deposit on future settlement of the price on purchase-sale of the business if the Company is satisfied by outcome of the feasibility study and decides to invest. Such loan has been charged for interest until all conditions under such Memorandum of Understanding are fulfilled. The Company and IFEC (under management by the new Board of Directors recently appointed) have negotiated and mutually agreed to extend duration for due diligence process to be within November 30, 2019 as well as duration for entering into sale-purchase agreement of business to be within December 31, 2019.

On February 16, 2018, the Company limitedly issued and offered the registered, unsubordinated, and unsecured debentures to the institutional investors of 699,900 units of which face value per unit is Baht 1,000. Such debentures bear interest rate at 6.5% p.a. whereby interest is payable on a quarterly basis and will mature for redemption on August 9, 2020. The abovementioned debentures have significant conditions which include maintaining Debt-to-Equity ratio at the rate not exceeding 4:1.

In order to maximize the benefit on financial management to the Company, the Company redeemed a portion of debentures as shown in the balance as at December 31, 2018 totalling 64,800 units (Baht 1,000 face value) in total value of Baht 64.8 million from certain debenture-holders by repurchase from the secondary market at the price including the accrued interest. Such matter is in compliance with the provision attributable to the right and duty of debenture-issuer and debenture-holders.

Later on March 22, 2019, the Company limitedly issued and offered the registered, unsubordinated, and secured debentures to the institutional investors of 200,000 units of which face value per unit is Baht 1,000. Such debentures bear interest rate at 6.75% p.a. whereby interest is payable on a quarterly basis and matured for redemption on March 22, 2021. The abovementioned debentures have significant conditions which include maintaining Debt-to-Equity ratio at the rate not exceeding 4:1.

Direct transaction costs on debenture issuance were debenture issuance costs, which were recorded as a deferred item and systematically amortized on a straight-line method as part of finance costs over the term of related debentures.

Significant assumptions used in the calculation of liability for post-employment are as follows:

Discount rate
 Salary escalation rate
 Employee turnover rate
 2.66% p.a. in 2019 and 2.87% p.a. in 2018
 3.00% p.a. in 2019 and 6.43% p.a. in 2018
 8% - 35% p.a. in 2019 and 11% - 48% p.a. in 2018

The abovementioned changes in significant assumptions may affect the sensitivity of the balance of provision for post-employment benefits in respect of the information as per the calculation report of the qualified actuary as follows:

During 2018, the National Legislative Assembly agreed and approved to edit some provisions of the Labour Protection Act 1998 (B.E. 2541) which include the increase in compensations to be paid to the employees whose working period have reached 20 years or above from previously equivalent to basic wage of 300 days to 400 days. Such matter was later legally announced in the early of April 2019 in order to become effective in the early of May 2019. The Company's management considered, based on their judgement, that amendment of such employee benefit plan (amendment of the applicable laws) occurred and became effective in the second quarter of 2019. Accordingly, the Company accounted for the past service cost amounting to approximately Baht 1.4 million, resulted from the plan amendment, in the second quarter of 2019 which was presented as part of cost of sales and administrative expenses amounting to approximately Baht 0.2 million and Baht 1.2 million, respectively, in the statements of comprehensive income for the three-month and six-month periods ended June 30, 2019.

Diluted earnings per share for the three-month and six-month periods ended June 30, 2019 was the same amount to basic earnings per share because the average market price of the Company's common shares for the aforesaid period was less than the exercise price specified in the warrants. Accordingly, there was no virtual effect from the right under the assumed exercise of warrants that create dilutive potential common shares.

13. SIGNIFICANT FINANCIAL INFORMATION DISAGGREGATED BY OPERATING SEGMENT

Sales, other income, cost of sales, other expenses, and profit/loss before income tax expense are significant financial and core information of the Company and its subsidiaries that are provided regularly to the highest authority in decision-making operation and also used in evaluation of financial performances of the segments. The Company and its subsidiaries have two significant operating segments (identified by internal reporting segments), i.e. (1) wood furniture and particle boards (rubber wood furniture and particle board furniture) and (2) other segments (e.g. laminating papers, dried sawn lumbers, furniture-decorating supplies, retail sales of sundry goods and energy business operated by associate and joint venture) which has been insignificant portion as compared to entire volumes and size of business activities and, therefore, are insignificant minor segments. The transfers between segments were accounted for at cost whereby the accounting policies applied to operating segments of the Company and its subsidiaries are similar to those accounting policies discussed in Note 2. In addition, the Company and its subsidiaries are unable to apportion the segment information for assets and liabilities without incurring undue costs.
